

Standard - 1200mm x 825mm x 1970mm

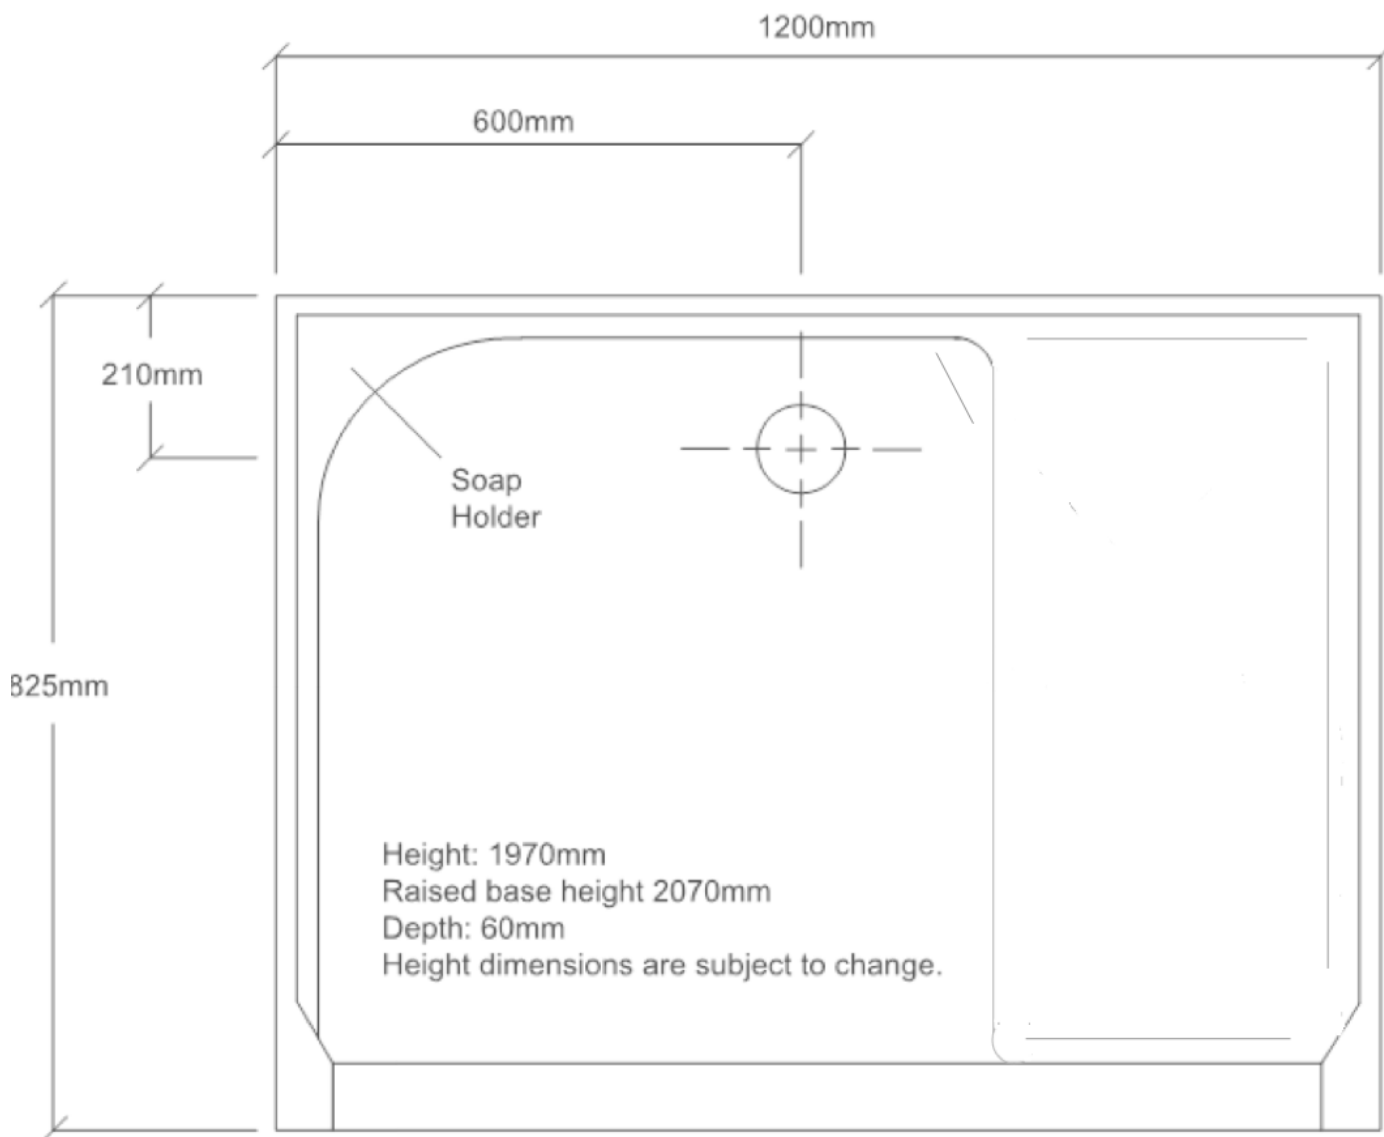

Raised Base Height – 2070mm

The Liana is a two-piece shower that can be dismantled to fit through a standard doorway. With a freestanding base and a fixing flange, installing this cubicle is quick and easy. This design features a moulded soap holder on the left, a self-draining moulded seat on the right and the lowest step/hob in our range. This cubicle can be fitted with grab rails and a hand shower suiting customers that require a shower with disability access.
